K 99

- Semi-open, circumaural hi-fi stereo headphones
- Low weight for excellent comfort
- Skin compatible leatherette ear pads
- Excellent price/performance

The newly designed K 99 are semi-open stereo headphones which combine excellent sound and optimum price/performance.

Self-adjusting headband, soft leatherette circumaural earpads, and low weight ensure pleasant fit.

Large, high-performance 1.6-inch (40-mm) speakers provide a natural, uncolored sound.
