

KA-10R / 10T

Wireless Camera Receiver / Transmitter

The KA-10 system includes KA-10R, KA-10T, KAC50X / KAC150 cable, TG-10CH2, shoe mount adapter, and CM-201 microphone. It is designed for both professional and consumer video camera. The CM-201 provides omni directional pick up pattern to expand the coverage to mike a meeting.

- * Lithium battery can goes for 14 hours which is useful for travel.
- * UHF PLL 16 selectable frequency can render multi system application.
- * Over 60 meter operation distance virtually meets all kinds of application.

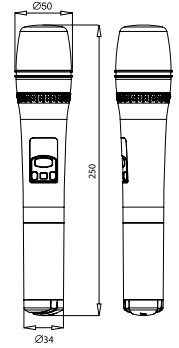

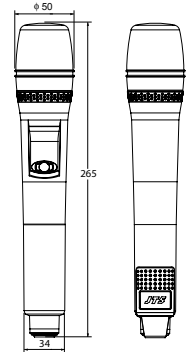

KA-8TH

UHF PLL Handheld Transmitter

Mh-16TH 2012 NEW

UHF PLL Handheld Transmitter

KAC50X
Camera Cable

KAC150
Camera Cable

Shoe Mount Adapter

CM-201B / CM-201F
Miniature Lavalier Microphone

TG-10CH2
2-Slot Charger

Model	KA-10R	KA-10T	Model	KA-8TH	Mh-16TH
Internal Microphone	—	Omni-directional Condenser Microphone	Frequency Preparation	PLL Synthesized Control	PLL Synthesized Control
Frequency Preparation	PLL Synthesized Control	PLL Synthesized Control	Channel number	16	16
Carrier Frequency Range	502~960 MHz	502~960 MHz	Carrier Frequency Range	502~960 MHz	502~960 MHz
RF Outputs	—	10mW	RF Outputs	10mW	10mW
Stability	—	±10kHz	Stability	±10kHz	±10kHz
